

Academic Packages to Make Your Life Easier

Shimadzu believes in making it as easy as possible for our customers. With that in mind we have developed packages with the academic customer in mind. Each package includes:

- FTIR
- IRsolution Software with built-in search module
- University Standards Database from Sadtler
- AX200 Analytical Balance
- The Educational Transmission Kit from Pike Technologies which includes all the necessary accessories for solid, liquid, and gas sampling in the university setting

Ask about the following packages when making an inquiry:

- 220-93140-30 IRAffinity-1 Academic Package
- 220-93140-20 IRPrestige-21 Academic Package

Our Shimadzu team will provide trained personnel for installation, training, service and your technical support needs. Installation and training are at no additional cost to you.

For pricing or additional information, e-mail FTIR@shimadzu.com or call **1-800-477-1227**.

Valid in U.S.A. only. No other discounts apply.
