

Making Forensics Easy for Your Lab

Shimadzu believes in making it as easy as possible for our customers. With that in mind we have developed forensics packages with you in mind. Each package includes:

- FTIR
- IRsolution Software with built-in search module
- Canadian Forensics Database & Enhanced Georgia State Crime Lab Database
- NIST traceable polystyrene film for performance validation

Ask about the following packages when making an inquiry:

- 220-93139-30 IRAffinity-1 Forensics Package
- 220-93139-20 IRPrestige-21 Forensics Package

Our Shimadzu team will provide trained personnel for installation, training, service and your technical support needs. Installation and training are at no additional cost to you.

For pricing or additional information, e-mail FTIR@shimadzu.com or call **1-800-477-1227**.

IRPrestige-21

IRAffinity-1

Valid in U.S.A. only. No other discounts apply.
