

Limited Time Offer...

Upgrade to LabSolutions UV-Vis (File version) from UVProbe for 50% off

Get 50% off our already reduced price to upgrade from UVProbe software to LabSolutions UV-Vis (File version). UVProbe is now a discontinued product, so take advantage of this offer to upgrade your experience at a lower price. Part number: 220-93640-31.

Compatible spectrophotometer models:

- UV-1800
- UV-1900 series
- UV-2600 series
- UV-2700 series
- UV-3600 Plus series
- SolidSpec-3700 series

LabSolutions UV-Vis is a modern software with simple layout that enables obtaining results with only a few steps. Key features include:

- **Multiple measurement modes**, including photometric, spectrum, quantitation and time course
- **Advanced data analysis**, including Kubelka-Munk transformation, peak pick, derivative, calibration, and many more
- Over **50 report templates and modes** to design custom templates
- **Evaluation Function** – enables adding criteria to display pass/fail in real-time as the results are obtained
- **Advanced analysis functions** such as Film Thickness Measurement, Color Measurement, UPF (Ultraviolet Protection Factor) Calculation and Daylight Transmission Measurement are available as add-ons and fully integrate with the Evaluation Function
- **Advanced Regulatory Compliance** – Full support for Pharmacopeia (JP, USP and EP) and GLP/GMP; FDA 21 CFR Part 11 available with appropriate add-on packages
